### 20 QUESTIONS, 19 ANSWERS

By Jonathan Davis and Michael Ann Rowe

**Race-car driver Arie Luyendyk Jr.: "I'm not a big fan of the typical 35-year-old on a cell phone driving a minivan."**

*Tell us two truths and one lie about yourself.*

The state of Arizona has taken away my license four times since I was 16. I've slept with three girls at the same time. I drive a shitty car that goes 153 miles an hour.

*What's it like going from race-car driver to driving the streets of Scottsdale?*

I have extreme road rage and have been known to be very aggressive on the street. I'm not a big fan of the typical 35-year-old on a cell phone driving a minivan.

*If you could grab the ass of someone famous, whom would you choose?*

Shakira. She is so hot! I was watching her on TV and I was like, "Damn, she has a nice ass."

*Is there one sport that you just don't get?*

You know in the Olympics when they shuffle that thing on the ice? What the hell is that?

*Name one athlete who you think is a real asshole.*

A lot of basketball players are like that. They never want to do interviews. Guys like Allen Iverson are way too into themselves.

*What does your girlfriend do to keep those hot women away at the races?*

She tries to make it to all the races unless I'm in places like Kansas City, where there really isn't too much "talent."

*Do you avoid having sex before a race?*

[Laughs] I used to. My girl-

friend came to one of my recent races and she said, "That myth is bullshit." She made me have sex with her before the race. Personally, I think it's a great stress reliever and helps you to relax before a race.

*What was your most embarrassing date experience?*

I met this girl at an autograph signing, and it was kind of dark. She was cute. I asked her out, only to find out she was 16. That date was over pretty quickly. I brought her home before her curfew. My buddies started calling me Mr. Pedophile.

*What one thing do you hope goes away very soon?*

My financial debt. Going on shopping sprees without the money is just not the way to go.

*What did you like most about any one girlfriend?*

The "toys" she bought. She got a boob job, and I thought it was the greatest thing. They were beautiful.

*Name one person who should be silenced.*

Britney Spears. She's cute, but she can't sing.

*What was the last porn movie you watched?*

Jenna Jameson's Greatest Hits. Have you ever tried something in real life that you saw in a porno?

I've made my own videos. I'm still paying for the camera on the credit card. A very valuable and important expense.

*What's it like for your mother to have a husband and a son in race-car driving?*

She doesn't come to my races. She gets too nervous. She's already a nervous wreck with my dad racing, and I think it's a little too much for her to handle with both of us being race-car drivers.

*Is there one law from your home country that you would like to see the United States adopt?*

Holland's philosophy on laws is awesome. They legalize minor drug use such as pot. The drinking age is 16. I think it makes you mature faster. Holland is a very liberated country, and I think it's great that kids can make the choices at a younger age.

*What was your first job?*

I was a busboy at a restaurant when I was 14. I would do everything from cleaning tables to cleaning the kitchen.

*What rumor would you want to clarify about yourself?*

That I got to where I am only because of my dad. That's been said by people who don't know much about racing or who haven't competed against me. Once you get on the track with me you'll quickly change your mind.

*Is it true you were quite the rabble-rouser in high school?*

Oh man! I was a hellion in school. I got expelled a few times.

*Have you ever been on a date with a girl when another woman hit on her?*

It was something that happened in the beginning of a relationship I was involved in years ago. She had a girlfriend at first, prior to us dating, and then as time went on our relationship got more involved. The relationship was just the two of us, and any desire on her part to be with another woman faded. Sometimes it was great, but at other times it's just not cracked up to be what many people would think and visualize.

*Did you ever have sex with your girlfriend and one of her girlfriends at the same time?*

[No answer]
